Our goal here at Naperville Dental Specialists is to give you the best quality care for all your dental needs. Thank you for choosing us to help you try and relive your pain due to TMJ symptoms. As we do our best to help you through the process with your treatment an Aqualizer Appliance might be an option to help alleviate some of your pain and symptoms. Please be aware symptoms may return. If further treatment is needed due to the severity of the TMJ we will refer you out. As Naperville Dental Specialists want our patients to get the best quality care. The Aqualizer Appliance cost will not be refunded. This is a course of treatment we tried to help get you out of pain.
